**STUDY GUIDE:** A web site is available as described in the preface of the textbook to assist students with the course material. A copy of the Study Guide which accompanies the textbook is on two (2) hour reserve in the Maryville University Library.

**PURPOSE:** The purpose of the course is to study the areas of legal rights and ethics, crimes, torts, contracts, personal property, bailments, and sales, from the viewpoint of the business person.

**OBJECTIVE:** In a business situation when a legal issue arises, the student should be able to identify the problem and determine what action is necessary.

**PROCEDURE:** Class discussion of the assigned chapters in the textbook.

**ATTENDANCE:** Because successful completion of this course depends largely upon regular class attendance, excessive absences, even if necessary, may deprive the student of a grade that reflects their capabilities, and may even result in failure of the course.

**COMMUNICATION:** All students are expected to communicate well during the course. Therefore, each student will participate in class discussion.

**EXAMINATIONS:** There will be a fifty (50) question objective test at the end of each class meeting covering the chapters assigned for that class meeting. No make-up examinations will be permitted.

**GRADES:** The final grade of each student for the course will be determined by the total points (correct answers) of the seven (7) highest test scores as set forth on the attached sheet.
