College of Arts and Sciences

The Actuarial Science Program at Maryville University is recognized by the Society of Actuaries (SOA) as an "Advanced Undergraduate Program". In the preparation of young professionals, the program strives to provide interdisciplinary educational experiences that help develop the skills and concepts necessary to understand and appreciate both the unity and the diversity of life, to engage in meaningful and creative actuarial science inquiry, and to provide responsible and effective leadership and service in their professions, their communities, and the larger society.

The Actuarial Science Program ranks among the best in the nation in terms of the number of SOA exams passed by students. Though not the only measure of readiness, passage of SOA exams is the signature gateway to successful entrance into the profession.

Table I indicates the number of SOA exams passed by students in a given year.

.

Year	Exams Passed
2013	55
2012	47
2011	45
2010	44
2009	45
2008	31
2007	20
2006	39
2005	32
2004	15
2003	18
2002	13
2001	11

Table II uses information taken from the website of the Society of Actuaries. It lists all of the Actuarial Science programs with the same standing (Advanced Undergraduate Program) as Maryville's program; the number of graduating seniors, and the number of exams passed by students. The ratio compares the number of exams passed to the number of graduating seniors.

Name of University	Location (State)	Advanced	Number of Graduating Seniors	Number of Exams Passed	Ratio of number of exams passed to graduating seniors
