

Maryville University
Myrtle E. and Earl E. Walker College of Health Professions
Occupational Therapy Program

Documentation of Observation Hours

This form is to be completed by the applicant and verified by the Occupational Therapist or Occupational Therapy Assistant supervising the experience.

The Occupational Therapy Program at Maryville University requires all students applying to the post-baccalaureate graduate program complete 10 hours of observation under the supervision of an occupational therapist or occupational therapy assistant. It is suggested that applicants observe in at least two different locations and type of setting.
