## **JACQUELYN M. SAMPLE, DROT, M.ED., OTR/L**

*President, Missouri Occupational Therapy Association*

Dr. Jacquelyn Sample has a Bachelor of Health Sciences in Occupational Therapy and a Masters of Education with an emphasis in Autism from the University of Missouri-Columbia. In 2016, Dr. Sample continued her studies at Nova Southeastern University, earning a DrOT for her studies in the role of occupational therapy in post-secondary transition for students with autism.

Dr. Sample has been a consistent advocate for the OT profession and for persons with disabilities, including her own son who was diagnosed with autism at nine years old. Her first foray into more organized advocacy efforts was co-founding the annual MOTA On the Hill day and engaging in the passing of a co-pay parity bill with the Missouri Occupational Therapy Association (MOTA). Teaming up with another concerned mother of a child with a disability, she co-founded Missouri Disability Empowerment (MoDE). This powerful nonprofit advocacy network has assisted in passing legislation to expand insurance coverage for children with disabilities and introducing multiple bills addressing safety and rights of children with disabilities within the public school system.

After a 10-year career in higher education, Dr. Sample transitioned from her traditional OT roles to run for the Missouri House of Representatives in 2020. Throughout the campaign, Dr. Sample met and worked with several past and present Missouri legislators, discussing occupational therapy, accessibility, equity and inclusion. These relationships continue to benefit and inform her advocacy work.

Currently, Dr. Sample serves as the President of the Missouri Occupational Therapy Association and continues to work on legislative initiatives to protect the scope of practice of OT and expand access to OT services for all persons in the state of Missouri. She also serves as the Chair of the Disabilities Commission for the City of Columbia, Missouri.
