

Study Abroad Individual Programs

Semester and Year-long Programs

For an extended study experience, leave campus far behind and spend a semester, summer or year on your own at a university in a faraway city with classmates from different cultures. Experience university life in another part of the world as you explore subjects in your major or study new topics relating to the local environment. Somewhere in the world is a program to fit your interests and needs.

Enrolling in one of our partner institutions to provide semester study at a cost less than or equal to the cost of a regular semester of study on the Maryville campus is recommended. These institutions are located in Florence and Oxford.

The Florence Program ([Santa Reparata International School of Art](#) – SRISA) is designed for three audiences: (1) art and art design majors who can take courses in their major or fulfill general education requirements; (2) other humanities and social sciences majors who can take electives in their major or general education courses; and (3) other students who can fulfill general education requirements; Substantial savings can be realized by spending a semester at SRISA.

The Oxford Program ([Oxford Study Abroad Program](#) – OSAP) is designed for all students and can provide coursework in most areas because of its affiliation with four top Oxford colleges. OSAP assists qualified students to study in Oxford as Associate Members or Visiting Students for one of the three Oxford terms, or for one of our shorter summer sessions.

For students who desire an educational experience that is uniquely their own, our Office for Study Abroad can assist with arrangements through one of the national Study Abroad organizations that combined offer hundreds of different opportunities. Examples include: [AIFS Study Abroad](#), [CAPA The Global Education Network](#), [CIEE College Study Abroad](#), [IES Abroad](#), [CISabroad](#), [International Studies Abroad](#), [Semester At Sea](#).

Please contact [Dr. Ashlyn Cunningham](#) for more information about semester study abroad.
